

Children's Specialized Case Management Services

CHILDREN'S COMMUNITY SERVICES

David Lawrence Center provides Specialized Case Management Services to children and adolescents who have challenges in school due to behavioral issues, are experimenting with substance use, or have become involved with the Department of Juvenile Justice through probation, diversion or truancy program. This program is designed to coordinate services and resources to meet the unique needs of each individual. David Lawrence Center acts as a liaison between the client, family and/or other support systems as well as serves a mediator between our patients and the court system.

CHILDREN'S SPECIALIZED CASE MANAGEMENT SERVICES MAY INCLUDE:

- Assistance in navigating the service system of care and legal system
- Development of an Intervention Service Plan Organizing access, referral and linkage to recommended treatment services
- Ongoing evaluation and monitoring of the patients progression and needs
- Monthly follow up meetings with the individual and family members

Additional Information: *Services are provided free of charge.*

David Lawrence Center is a not-for-profit behavioral health provider dedicated to inspiring and creating life-changing mental wellness for every individual through prevention, intervention and treatment services.
